Mothers of Preschoolers (MOPS)

MOPS is for all mothers of children aged birth through kindergarten. It is a place where moms have the opportunity to make new friends, share experiences, laugh together, and learn principles pertaining to womanhood, marriage, and parenting. MOPS also provides opportunities for social outings geared specifically for preschool aged children and their mothers.

While moms are enjoying a morning of rest and relaxation, children are being care for in a loving environment called MOPPETS. They are divided into age appropriate groups and are involved in planned activities such as games, stories, crafts, music, and physical play.

The Home Factor

The theme for 2007-2008 is "The Home Factor." As moms, we long to create homes where our families can thrive and grow – and we can too. We will explore how our homes are a place where we bond, cocoon and build inwardly, and a place where we refuel so that we can live fully in the world beyond.

...because mothering matters
